

New Product Introduction

G2RG-X DC Power Relays

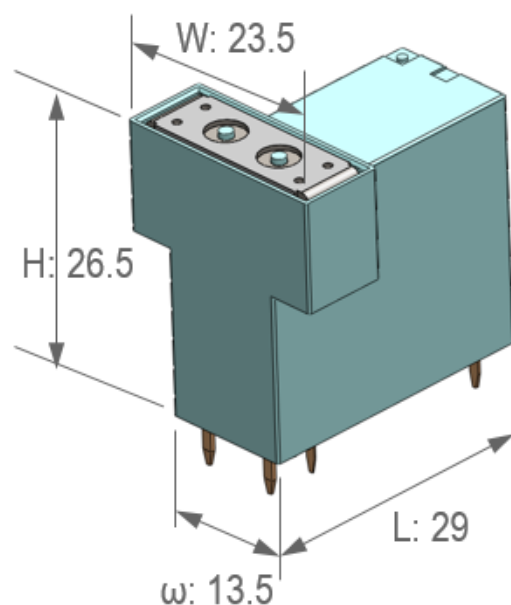

[Learn More Here](#)

KEY FEATURES AND BENEFITS:

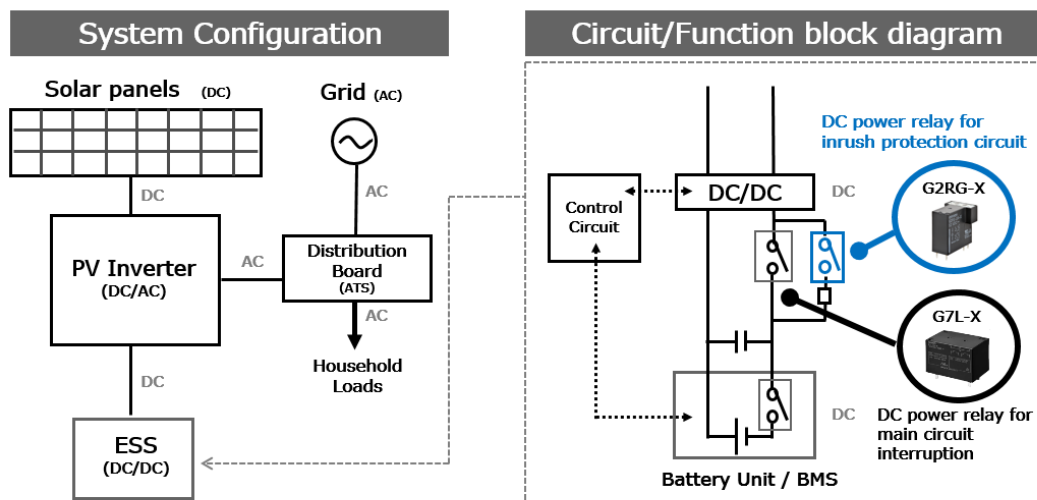

- **High Voltage** - Our arc control structural design realizes reliable switching of this high power DC relay.
- **Compact body and small footprint** (13.5mm X 29.0mm) - contributes to downsizing of high voltage equipment.
- **DPST-NO (2a) Contact Form** - 2 Pole series wiring for high VDC capacity and 3.0mm contact gap

TARGET APPLICATIONS:

- Energy Storage System (ESS)
- V2H (Vehicle to Home)
- FA (Inverter/Servo)
- Power Supply, UPS

(Unit: mm)

*Note: This is not applicable to all ESS
